

## MISSION STATEMENT

In a loving, nurturing, Christ-centered classroom, our children enjoy their first educational experience that emphasizes God's love and our need to love others.

In this environment, our children will blossom as they prepare for kindergarten.

We recognize the learning experience as a collaboration between parent, teacher, child and God.

*Because parents know their own children better than anyone else, we feel that parental involvement and input are vitally important in helping us to provide a positive, successful early learning experience for each child.*

*“Whoever welcomes one such child in my name welcomes me, and whoever welcomes me welcomes not me but the one who sent me.”*

## OUR PHILOSOPHY

We seek to introduce the very concepts of our faith: God is the creator of all, Jesus is our friend and savior, and God loves us unconditionally.

Our program provides a safe environment where we recognize that children at play is their work and their tool for learning. We use the Reggio approach to teaching; our classroom is our third teacher, along with parent and instructor. Our environment is prepared to allow our children to be curious and confident. We use the guidelines established by the Ohio Department of Education for kindergarten readiness and teach those skills will God's love at the core.

*We are All God's Children*
